

STEAM Toy Assessment Framework

Your toy must meet the requirements under each of the three sections below to be considered a STEAM toy.

Section 1: Characteristics of a 'Good Toy'

The toy is fun to play with, is accessible and inclusive, and has good play value.

Section 2: Prime STEAM Attributes

The toy affords all six attributes that should underlie a STEAM toy.

Section 3: Specific STEM Categories

The toy supports one or more learning goals in at least two STEM subjects.
