*The Value of
The Toy Foundation*

Delivers toy donations to schools, hospitals and community organizations to comfort children in need.

Distributes funding to bring the healing power of play to children's hospitals and disaster zones.

Why The Toy Foundation?

We work **year-round** to deliver play to children when they need it most.

We create **major impact** by uniting individual and corporate donations.

In 2024, our programs provided play to **3.2 million children in need**.

Your donation makes a **real difference in children's lives**.

**By working together
we have delivered the
power of play to
35 million children
worldwide!**

"It's amazing that The Toy Foundation was able to do this for all our students no matter their economic status. It means a lot to them!"

—Teacher at Philadelphia's
Eliza B. Kirkbride School

Delivering Toys in Times of Need

Toy Chest is our signature donation program that distributes companies' toy donations to children when they need it most. The Toy Foundation works with a robust network of vetted non-profit partners in the U.S. and around the globe to ensure your donations meaningfully impact children on a scale unmatched by any other organization.

Your donation for these gifts will help provide joy, comfort, and the extraordinary benefits of play to children in need.

Bringing the Comfort of Play to Children Who Need It Most

Play Fund distributes impactful grants that bring the healing power of play to children's hospitals and disaster zones. We respond quickly and effectively where the need is greatest, whether it's creating play spaces in children's hospitals or delivering comfort to children who lost everything following a humanitarian crisis or natural disaster.

Your donation for these gifts will help comfort children during a hospitalization or displacement to create hope out of hardship.

Children's Comfort Kit

Play provides comfort, distraction, and normalcy during a hospital stay or following a natural disaster. Your contribution will fund the creation of comfort kits filled with play tools that support positive thoughts, lower anxiety levels, and build confidence.

○ \$100

○ Any Amount Brings Play to Children!

Sensory Tools

Sensory toys in a hospital setting help increase cooperation, decrease anxiety, and as a result, expedite procedure times. Your contribution will support hospitals in building mobile play stations, installing sensory walls, and incorporating other sensory items into the hospital.

○ \$250

○ Any Amount Brings Play to Children!

*The Value of
Play Therapy*

Play Fund

Distributes funding to bring the healing power of play to children's hospitals and disaster zones.

Emotional Recovery Support

Following a natural disaster, children have an increased risk of mental health concerns as they process their experience and adjust to changes. Your contribution will help provide mental health services and play opportunities for affected children and families.

 \$1,000

 Any Amount Brings Play to Children!

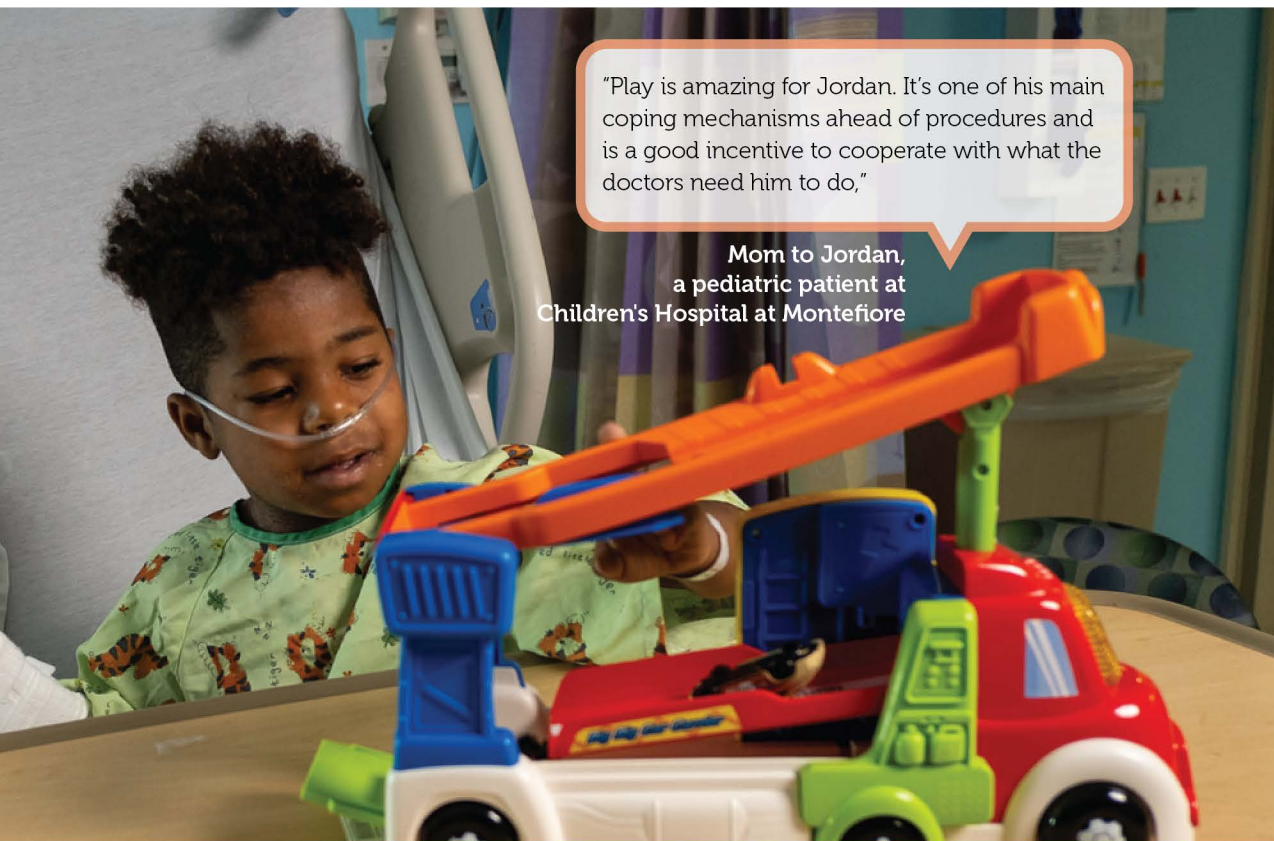

Hospital Playroom Upgrade

A dedicated play space in a children's hospital allows children to disconnect from hospital life and just be a kid. Your contribution will help fund playroom upgrades to make them fun, welcoming spaces that are inclusive for all patients.

 \$2,500
